

### Tasks:

You are about to test a prototype, after going through the tasks, please give a constructive critique on the graphics, typography, and the experience of the interface.

1. At the home page, choose an option and mark down which of the two buttons, you clicked first:
  - i. Explore:
  - ii. History:
2. Go through the islands (except for Maui for it is still under construction)
3. After going through the pages of the option you first chose, you can go through the other option from the home page or by clicking the history button in the nav bar.
4. Please give constructive criticism.
